## HOW TO REPLY TO THIS NOTICE:

I. Review the SMALL ENTITY status shown above.

If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

B. If the status above is to be removed, check box 5b on Part B - Fee(s) Transmittal and pay the PUBLICATION FEE (if required) and twice the amount of the ISSUE FEE shown above, or

### **DETAILED ACTION**

This is a Notice of Allowance based on application 10/597,575 filed July 31, 2006.

Cancellation of claims 4 & 5 in reply filed September 29, 2009.

### ***Election/Restrictions***

This application is in condition for allowance except for the presence of claims 12-25 directed to a method of fabricating a nitride-based semiconductor device non-elected without traverse. Accordingly, claims 12-25 have been cancelled.

### ***Allowable Subject Matter***

Claims 1-3 & 6-11 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 is allowed because none of the prior art, either alone or in combination, suggest or teach a *nitride based semiconductor device comprising: a principal surface of a substrate having at least one vertically growth region that functions as a seed crystal for growing a nitride based semiconductor vertically, and a plurality of lateral growth regions for allowing the nitride-based semiconductor to grow laterally, wherein the sum  $\sum X$  of the respective sizes of the vertical growth region and the sum  $\sum Y$  of the respective sizes of the lateral growth regions satisfy the inequality  $\sum X / \sum Y > 1.0$  and the vertical growth regions on the principal surface of the substrate is defined by striped ridge portion that is present on the principal surface of the substrate structure.* Claims 2-3 & 6-11 are allowed based on there dependency from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- Kong (US Patent 6,582,986) discloses a group III nitride device comprising: vertically and laterally growing a nitride based upon the surface of a substrate, wherein the summation of the vertical growth regions is larger than the summation of the lateral growth regions. However Kong does not teach the vertical growth regions are defined by a striped ridge portion that is present on the principal surface of the substrate.
- Asai (US Patent 6,426,519) discloses epitaxially growing a nitride based layer on a substrate comprising: Vertically and laterally growing a nitride based layer wherein the vertical growth regions are formed by etching into the surface of the substrate. However Asai does not disclose sum  $\sum X$  of the respective sizes of the vertical growth region and the sum  $\sum Y$  of the respective sizes of the lateral growth regions satisfy the inequality  $\sum X / \sum Y > 1.0$ .

- Tadatomo (US Patent 7,115,486) disclose a semiconductor device comprising: Forming vertical growth region on a substrate by forming convex/stripped ridged portion on the substrate, wherein the vertical growth region have a smaller width than the lateral growth region defined by concave portions. However Tadatomo does not disclose sum  $\sum X$  of the respective sizes of the vertical growth region and the sum  $\sum Y$  of the respective sizes of the lateral growth regions satisfy the inequality  $\sum X / \sum Y > 1.0$ .
